

MyChart

Shepherd Center

Scan this QR code with your phone's camera to go to Shepherd Center's MyChart sign-up page.

Signing up requires an activation code that your provider will give to you at your appointment, or you may call **Shepherd Center's MyChart Support Team** at **404-425-7250** or email **MyChartSupport@shepherd.org** to request a MyChart activation code.

See your health information in one place.

Find your medication list, test results, provider notes, after-visit summary, upcoming appointments, preventative care information, allergies, immunizations, past admissions, insurance coverage and more – all in one secure place.

Stay informed about your health.

MyChart helps serve as the control center for managing your health in a streamlined format. In it, you can view your to-do list, health reminders and proxy access (if applicable) and access Medline Plus, a search engine for health topics.

Connect with your medical provider – no matter where you are.

From your MyChart inbox, send a message to a member of your healthcare team and receive answers to non-urgent medical questions, as well as responses to your questions and requests about prescriptions and refills, test results, medical provider visits and referrals to other providers.

Ask your Shepherd Center provider about signing up for MyChart.
